QUARTERLY NEWS FROM EVERETT J. PRESCOTT, INC. | Spring 2022 | Volume 61

OHIO GOES BIG WITH STORMTECH

When J&D Snyder of Bluffton, Ohio, contacted Team EJP Lima about product for a large underground retention system project, Team EJP put in the work and made it happen. Assisting with the massive project was Rod Taylor, EJP Sales Representative.

J&D Snyder's project is the largest ADS StormTech underground retention system in Ohio, consisting of 1,357 MC-7200 StormTech chambers installed over 85,922 square feet with over 22,000 tons of stone. The system perimeter is 1,866 feet with an installed system volume of 384,750 cf. ■

ROB CHADWICK CELEBRATES 30 YEARS

In January, Rob Chadwick rang in 30 years at Team EJP and celebrated a well-deserved promotion! He has been an energetic force helping to drive the Team. He climbed the ladder while expanding his knowledge of the many positions in the company, including building relationships with customers, vendors, and friends. Throughout the years, Rob has been part of many industry committees and associations. Rob encompasses the TEAM energy, ambitious and driven work ethic, know-how to get the job done, and the spirit to propel Team EJP forward. Rob is an excellent choice for the Executive Vice President of Sales and Operations! ■

EZ VALVE SOLUTIONS

Problem: While working on replacing other waterworks materials, it was discovered that Troy, OH, did not have a way to shut down their 16" main feed line.

Solution: Team EJP worked alongside AVT to install a 16" EZ Valve so that, should they ever need to, the city may easily shut down the main feed line. ■

REMEMBERING ROSARIO "ROSY" J. SANTERRE

Rosario "Rosy" J. Santerre, 100, passed away peacefully at Woodlands Memory Care in Hallowell, Maine on Friday, December 3, 2021.

Rosy was born on November 2, 1921, in North Connor, ME, the son of Albert and Mattie Santerre. The family later moved to Waterville. Rosy graduated from Waterville

High School where he played football and hockey, sparking a lifelong love of the sport – a torch that the Prescott family carries near to their hearts.

Rosy married Iva Wing in May of 1941. Their love spanned 44 years, endured two wars, welcomed three children, and was always rooted in family.

Shortly after they were married, Rosy joined the U.S. Navy, serving aboard ship during WWII until he was discharged in 1945. After returning home, he worked at BIW for a short time before joining the staff at the Veteran's Administration in Togus, ME, as an electrician. He soon began building a home for his family in Gardiner – a labor of love that would have to wait as he was called upon again to serve in the Navy during the Korean War, at which time he was stationed in Norfolk, Virginia. He picked up his hammer after returning, completing construction of the home he started and in which he and his family would live many happy years. He lived there until becoming a resident of Woodlands in March of 2021 at the age of 99.

Rosy and Iva purchased property on Tacoma Lake in Litchfield in 1954, where he built a family camp. The first winter after the camp was complete, his vision of summer on the water and his passion for building led to his next project: a boat that he built in the cellar of his home with bulkhead doors smaller than the boat was wide. Undeterred, Rosy found a way, and the boat set sail in the summer of 1955. The lake was a special gathering place for family and friends for several years, especially for his daughter, Gail, who summered there for many years.

The game of hockey was a large part of Rosy's life. He played on many outdoor rinks for years until Kennebec Ice Arena was built in 1973. He was part of a group that brought hockey and skating to our area. There he played in the men's league, coached youth hockey and as a staff member, was often seen

driving the Zamboni. When Camden Ice Vault replaced the former arena, the fireplace paid tribute to him with the words "Rosy's Rink of Dreams."

Rosy also spent time on the slopes, driving the family to Sugarloaf nearly every weekend for a couple of years before building a camp there in the early 1960s. Once the arena opened, he sold the camp at Sugarloaf but still made his way to the mountain a few times each winter.

Rosy's full life also included the love of golf. He took the greens, playing local courses as well as traveling with golf buddies out of state for enjoyable games on various courses. He played in several leagues over the years and was fortunate to play a few holes at a time to the hospitality of Sheepscot Links in Whitefield, ME. He last played in the summer of '19 at the age of 98 years old.

To add to Rosy's life of activities, he became a crew member on the race team of his grandson, Steven Prescott. From Legends cars, they moved into the PRO Truck Series and then graduated to the NASCAR Craftsman Truck Series. He enjoyed being with the team and their many adventures from 1990-2000. He also made some memorable road trips with son-in-law, Peter, in a 1940 Ford. They logged miles across Route 66 and adventures to other states, always returning home with happy tales to share.

Throughout his century of living, Rosy always took pride and found joy in his family and friends. He will be sadly missed by many. May he rest in peace knowing his legacy lives on. He was predeceased by his year-old son, Elmer Kenneth in November 1947; wife, Iva Marie in March of 1985; and daughter, Gail Ann in November of 2018. He leaves behind his daughter Sandra and husband Peter Prescott; granddaughter, Stacy Prescott and husband Michael Zerangue; grandson, Steven Prescott and wife Tracey and their children, Peter and Patrick Prescott, Tyler, Tanner, Tucker and Talia Nussinow.

The family sends their heartfelt thanks and appreciation to Woodlands Memory Care staff and Hospice staff, as well as the caregivers who served him previously at home.

A celebration of Rosy's amazing life will be held at the Camden National Bank Ice Vault at a later date (to be announced).

Those wishing to remember Rosy in a special way may make gifts in his memory to:

ANNOUNCEMENTS

Kevin Marston Says Hello to Retirement

After over 17 years, Kevin Marston has retired from Team EJP Middleton. Kevin was an absolute joy to work alongside. Given his knowledge, work ethic, impeccable customer service, and attention to detail, Kevin will always be an icon in our industry. We are thankful and honored to have shared so much time together, professionally and personally. Thank you for everything, Kevin; we wish you the best. ■

Remembering Tim Mills

Timothy Paul Mills Jr., 58, of Bethel, VT, passed away on February 21, 2022, with his family by his side. Tim had worked for the Town of Bethel for 35 years, most recently as Utilities Director. He had been featured in TPO Magazine in 2017 and was awarded Water Operator of the Year by GMWEA in 2021. Tim was an incredible man to work with and will be greatly missed. ■
