ABOUT STAN MCCURDY

It is with a heavy heart that we share the news of the passing of our longtime teammate and leader, Stan McCurdy. Stanley was a husband to Sandra, a father, a grandfather, and a great-grandfather. Most of all, he was a legend among all who knew him. Stan was always a kind and caring man, even when he had to be stern or dish out reprimands; he was an upstanding leader, mentor, friend, and family member.

"He was the toughest man I ever knew. Stan loved EJP and all his TEAMMATES. He dedicated his life to EJP, working more than 60 years – exploring almost every job we had. From yard and delivery to service and division manager, Stan worked hard and eventually gained the title of COO, which he retired with in 2022," shared Steve Prescott, Team EJP President & CEO.

Stan began his career at Team EJP in 1961, back when Everett Prescott was the owner! Uncle Stan's work ethic was undeniable and admirable. He wasn't afraid to get his hands dirty or step up to tackle a new task. In fact, Stan and his brother-in-laws, Peter Prescott and Jimmy Grotton, purchased EJP from Everett in the 1970s, the same decade Stan moved his family to Vermont to open a new division.

During his 61 years with EJP, Stan led the Company's efforts through expansions, acquisitions, growth, safety, and beyond. Without Stan, Team EJP and sister companies wouldn't be where we are today. It was an honor to work alongside Stan. He was a beloved member of the Team EJP community and a treasure to know. We will miss our dear Uncle Stan. May he rest in peace.

"Stan was my partner for over 60 years. He was the hardest worker Team EJP ever had. Most of all, he was a great friend. I will miss you, Stan. Rest in peace." - Peter Prescott, Team EJP Chairman of the Board

REMEMBERING A DEAR FRIEND

A Celebration of Life will be held on Saturday, April 22, from 2:00 - 4:00 PM, in the Third Floor Conference Room at Team EJP's Home Office (32 Prescott Street, Gardiner, ME 04345).

"*I consider myself one of the luckiest people on the planet. I had the privilege of calling Stan Grampy. Generosity, genuine concern for others and undying love and devotion for Team EJP are all characteristics both his EJP family and the McCurdy family would use to describe Grampy. I miss the "Stanogram" on the Xerox and the early morning coffee watching the waves roll in on the most beautiful beach in the world. RIP SGM.*" - Katrina McCurdy

"*When I became the safety coordinator, I reported directly to Stan. He drove me around and introduced me to all the locations himself. He even picked me up at the airport in Indiana and dropped me back off so that I wouldn't have to drive all weekend (he always drove back and forth but told me I didn't have to). He would start every meeting by telling all the employees 'You may not work for Bob, but Bob works for me, and if you don't do what Bob tells you to do, then I will be calling to tell you it isn't an option to not do it.' One of the best examples of a servant leader that I have ever seen, and one of the best mentors I have ever had.*" - Bob Moody, Team EJP VAS Manager

"*Stan was instrumental in making sure all employees knew the importance and focus of our new safety initiatives, culture, and core values. As a result, Team EJP has seven authorized OSHA trainers, six SHARP-designated facilities, and many teammates maintain OSHA cards. All service technicians hold 30-hour cards, and countless other teammates hold 10 and 30-hour cards. The safety department also conducts valuable safety training for customers, vendors, and friends.*" - Rob Chadwick, Team EJP Executive VP of Sales and Operations

"*For me, Stanley was a great leader, mentor, and someone whom you would always call a great friend. I am so grateful for all I have learned from him, and I hope I can pass the message on. Rest In Peace, my friend.*" – David Hirsch, Team EJP New England Operations Manager

"*Reggie and I thought the world of Stanley… he was an incredible boss, leader, and friend. He had the biggest heart, one that would include everyone that crossed his path. He will forever be in our hearts. We are forever grateful to Stanley.*" - Beth and Reggie Cooley, Team EJP

Joshua Larkin, President of Romac Industries, shared their condolences and issued their flags at half-mast at their corporate location.
